INTRODUCTION TO OUR WINE LIST

Welcome to Two Buoy, the home to Mornington Peninsula's largest premium wine cellar!

Our wine list has been designed to make the most of your experience by providing the best of local and international flavour with an array of styles, brands and prices. Our goal is to provide you with an opportunity to have your favourite bottle or try something new in a smart and relaxed environment, at very reasonable prices.

The list is categorized by **type** of wine with Sparkling and White Wines listed in the front and Red Wines listed in the back. The list is then categorized by **varietal**, or type of grape, which is also sorted from light to full-bodied throughout the list. In the very front are some featured wines **By The Glass or Bottle** and **Half Bottles**.

We also have a Coravin system that makes it possible to have wines available to try by the glass that usually are only available by the bottle. Unlike other preservation systems, which require the cork to be pulled and allow oxygen to enter the bottle, the Coravin system leaves the cork in place to continue protecting the wine. This allows us to open more fine & rare wines for you to try without having to purchase the whole bottle. Look out for (Coravin) indicated on the Wine By The Glass list.

We believe that wine is an extension of the meal, enhancing your experience with us. Please have fun trying and matching your food and wine! There are no wrong choices when it comes to wine, just some that are more to your personal palate. Our team is also always happy to answer questions and assist in choosing the right wine for you.

Finally, a special shout-out to Jarrod Henham, who with his invaluable and extensive knowledge in wines, producers, up and coming regions, and the latest wine trends... helped us deliberate and curate this wine list over many glasses of shared wine!

Enjoy!

Sincerely,
The Two Buoy Team

Gamay

Possibly one of the most underrated wine varieties in the world. From a region slightly warmer than Burgundy, the Gamay grape exhibits similar characteristics at a quarter of the price. We're excited to bring you this small section of Gamay from the fruit driven Thick As Thieves Australian version to the serious Piron Briouilly French version, and everything in between.
